

# Geminite's Parents Felicitation

G

emini Corporation N.V. has made it a tradition to felicitate the parents of the Geminites. Gemini organizes a 3 day long carnival with more than 700 participants and 7,000 visitors every year during the Holi festival in Rajasthan, India. We arrange to bring the parents from different parts of the world and publicly felicitate them for providing us such talented heirs to our legacy. The parents bond among each other and enjoy the Rajasthani culture during Holi celebrations.
