

Paper Division – Gemini Corporation

Paper Division

Gemini markets large volumes of redundant stock lot and surplus paper rolls and sheets such as gray paper, newsprint paper, magazine print, release paper, pre-printed kraft paper, silicon coated kraft paper, adhesive (B grade material), metalized paper.

We procure directly from the source. As it is redundant stock, mills choose to work with our company where we procure the material from them, store it at our facilities and with our expert logistics team deliver it to the customer where it can be used in the best way possible.
